

The combination of Partou and KidsFoundation guarantees lasting quality and continuity of child care

More investments

in locations and pedagogical quality, education and training for employees.

Better responding to changes

in legislation and regulations and economic conditions.

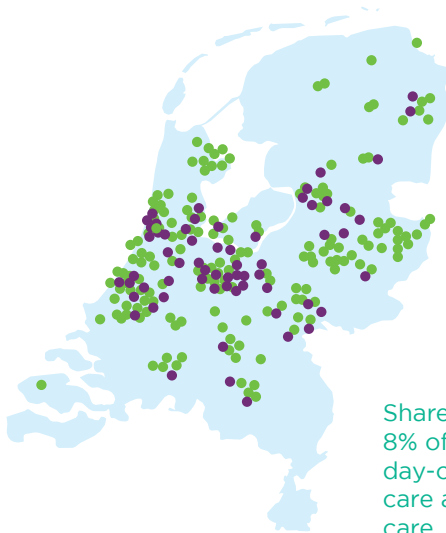

Benefiting from the existing collaboration

of both parties with training institutes and universities.

Both in terms of staff training and the development of young children (the so-called "continuous development line").

New combination creates a stronger childcare organisation in the Netherlands

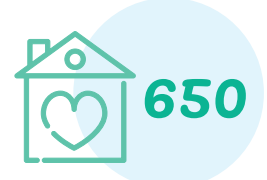

- Partou
- KidsFoundation

Major national player with familiar faces and personal approach at the locations

Share of approximately 8% of the market for day-care centres, toddler care and after-school care.

Daily care for 60,000 children

Spread over 650 locations

Average parent satisfaction

8,000 Professional staff of 8,000 committed employees

Average employee satisfaction

Our ambition is to make a positive and highly valued contribution to the development of every child,

from baby to teenager
